

# 2016 Healthy Youth Survey Results - Errata

May 25<sup>th</sup>, 2017

## Erratum 7: Free/Reduced Lunch Response Options Changed & Optional Questions Respondents Dropped

Two corrections were made to 2016 HYS results. Updates were posted on [www.AskHYS.net](http://www.AskHYS.net) on May 25<sup>th</sup>, 2017.

1. The results for the new free/reduced lunch question were reversed in the Frequency Reports and the QxQ results released in March 2017. The response options “Yes” and “No” have been corrected.

In the original results from March 2017, the response options in the Frequency Reports were:

*13. Do you receive free or reduced price lunches at school?*

- a. Yes*
- b. No*
- c. Not sure*

The response options were corrected on May 25<sup>th</sup>, 2017:

*13. Do you receive free or reduced price lunches at school?*

- a. No*
- b. Yes*
- c. Not sure*

2. Seven school districts inadvertently administered the 2016 HYS optional tear-off questions in all or some of their secondary schools. Per Washington State Institutional Review Board requirements and to align with the intent and at the request of the school districts, these results were removed from the appropriate school and district-level results. Some of these schools were also included in the state sample and were removed from the state sample results.
